## PLANT, LEARN, GROW: INTERACTIVE GARDENING ACTIVITIES FOR KIDS

HANDS-ON GARDENING FUN THAT INSPIRES KIDS TO  
CONNECT WITH NATURE AND GROW THEIR OWN PLANTS.

[IMAGISNATURALLIVING.COM](http://IMAGISNATURALLIVING.COM)

# SERVICE OVERVIEW

Bring the joy of gardening to your school, homeschool co-op, or educational group with our Youth Gardening Activities! These interactive sessions give children a hands-on opportunity to plant their very own herbs, flowers, or vegetables to take home and nurture.

Designed for kids of all ages, our programs focus on fostering a connection to nature, teaching practical gardening skills, and creating lasting memories. Perfect for classrooms, homeschool co-ops, and youth groups, these activities are engaging, educational, and fun!

## KEY FEATURES

- Hands-On Planting Projects
- Every participant will plant their own herb, flower, or vegetable in a take-home container.
- Interactive and Educational
- Kids will learn step-by-step how to plant and care for their plants while gaining a deeper appreciation for nature and where food comes from.
- Tailored for Schools and Co-Ops
- Sessions are customized to fit the age and learning needs of your group.
- Stress-Free and Fun
- We bring all the materials, tools, and expertise, so you can sit back and watch your group thrive!

# INTERACTIVE GARDENING ACTIVITIES FOR KIDS

## WHO IS THIS FOR?

- Schools: Add an engaging, nature-based activity to your classroom or after-school programs.
- Homeschool Co-Ops: Create a fun and educational experience for homeschool groups.
- Community Organizations: Ideal for youth programs at community centers, libraries, or churches.

### Services are offered in the following parishes:

St. James, Jefferson, Ascension, St. John, St. Charles, East Baton Rouge, Assumption, Tangipahoa

## INCLUDED

- Planting Supplies: Soil, seeds, containers, and tools for each participant.
- Take-Home Plant Projects: Kids will leave with their own potted plant to care for and watch grow.
- Expert Instruction: Experienced educators guide the group through every step of the planting process.

## COST

**\$18 per child**

\*Group Discounts Available
