

# PLANT IT FORWARD GRANT

The Plant It Forward Grant is designed to help passionate individuals and communities bring new garden spaces to life. Each month, we award starter grants to support backyard and community garden projects that promote fresh, local food and strengthen connections to nature. Whether you're dreaming of a community vegetable garden, a pollinator-friendly space, or simply a backyard oasis, this grant provides the resources to turn your vision into reality. Apply today and join us in planting seeds for a healthier, more resilient community one garden at a time.

## PLANT IT FORWARD GRANT PROCESS

- 1. Apply Online or QR Barcode**

Submit an application through our website, sharing details about your proposed backyard or community garden project, goals, and impact.
- 2. Review Period**

Our team reviews applications on a rolling basis each month, selecting projects that align with our mission to empower communities through sustainable gardening.
- 3. Grant Awarded**

Each month, based on availability, we award grants to selected projects. Recipients will be notified via email with details on the grant amount and next steps.
- 4. Start Planting**

Use the grant to purchase materials, plants, and supplies for your garden. Our team may offer additional resources and guidance to help your garden flourish.
- 5. Share Your Progress**

We encourage grant recipients to share updates and photos of their garden's growth. Inspiring stories may be featured on our website or social media to motivate other communities to plant it forward!
